

The Progressive Catholic Church International joins leaders all across the United States of America in calling for the removal of Donald Trump as President. We are calling for Vice President Pence and all cabinet members to invoke the 25th Amendment and for congress to start the articles of impeachment for the protection of the United States and for the safety and stability of all her citizens. We believe like others that President Trump has violated his oath of office which is to defend the Constitution of the United States by his illegal and seditious acts.

As a body of faith we can not sit back and watch what our fellow citizens did at our nations capitol and do nothing, We are compelled by the actions of this week to call what they truly were – attempts by insurrection to overthrow our elected governmental officials.

President Trump and members of congress should now answer for what has happened and must be held accountable for inciting insurrectionist violence with the spreading of lies, claims of voter fraud and attempting to undermine the will of the American people. We highly condemn the treasonous attempts to stop the rightful certification of the electoral collage vote, which resulted in the endangerment of congressional leaders, staff, law enforcement and sadly also resulted deaths.

We call for a calming in our nation and for a calm transition of power, for we are one nation that values human dignity, justice, compassion and a democratic principle and the rights of all its people.
