

From the Office of the Most Reverend Dr Barry Frier
Presiding Bishop

Year of Justice and Mercy

My dearest Brothers and Sisters, Greeting in the name of our beloved Lord

As many of you know Ash Wednesday 2020 our church started a year of Justice and Mercy and what a year it has been. Our parishes, their Priests and Deacons along with the Bishops have worked hard this past year serving the world in need. With the Global Pandemic the year of Justice and Mercy meant even more to those who called on our church to help those in need.

Food banks, sick communion, blessing of those who had Covid-19, comforting those who have lost loved ones to Covid-19 and much more. We have truly become the church we have been called to be and have lived what we set out on Ash Wednesday last year to be a church of Justice and Mercy, but more than this we have become a global family who care for each other.

While the year of Justice and Mercy has come to an end, we must continue to serve all those who are calling on us, we must step up and be an example, when we are invited to take the vaccine we must show others that's its about protecting others as well as ourselves. Together we can all get through this pandemic and look forward to being able to hung loved ones and those in our church family.

I ask you to pray for each other and to reach out to each other because in the words of Captain sir Tom Moore " Tomorrow will be a better day "

Most Reverend Dr Barry Frier
